Cori Harris Territory Manager  
Planet Aid  
30901 Carter Street  
Solon, Ohio 44139

**Re:    Clothing Donation Container Registration**

To Whom It May Concern:

Ordinance 14-145, which regulates and provides for the registration of clothing donation containers, was signed into law in Youngstown last June. Inevitably the duties for the implementation of the new law would fall upon me as Zoning Specialist. The task seemed indomitable. Early estimates were that there were over one hundred containers in the city, and over half of these were Planet Aid containers.

I contacted the recycling firms by mail and Planet Aid responded. Cori Harris the Territory Manager from Planet Aid came to Youngstown (on multiple occasions) and did her own inventory. She sent me lists of locations and contact people. Application forms were submitted and thirty containers were registered.

It was pleasure to work with Ms. Harris and the Planet Aid Corporation. Due to their cooperation the task which seemed so daunting last summer is now all but finished.

If you require further information, please contact the undersigned.

Sincerely,

Raymond J. DeCarlo  
Zoning Specialist
